Revised 3/18/2019

NPBA is awarding financial support to states or regions that need an extra boost to promote NPBA. This money can be used for promotional activities including but not limited to added money for special classes, promotional items for participants, banners or advertisements and other ideas you may have. The money cannot be used for year-end awards. Money collected from the \$ .50 that was collected from local show money will be allocated back to our membership via Grant applications. Once the funds are exhausted applications can be made for the following year.

Grant applications will be excepted and submitted for approval to the NPBA National Board which meet the first Monday of each month. Submit your application to the NPBA national office.
